Using this Guide

The graphics in this document are best viewed or printed with Adobe Acrobat Reader version 4.0 or above.

This guide provides user notes for the Myridas Reserved Stock module:

- Reserved Stock

The mouse symbol has been used throughout the manual to help guide you to the location of windows in the software. See [Appendix A](#) for a list of Myridas windows and their location in the software.

A full range of tutorials is also available on our website, <http://www.trinitypartner.com>.

About Myridas

Help >> About Myridas

Use the About Myridas window to check your license information and installation details. The window will tell you which Myridas modules you are registered to use and which have been installed on your system.

The About Myridas window

Reserved Stock

The Reserved Stock module gives you the functionality to reserve items for individual or groups of debtors/ship-to addresses. Item quantities can be allocated to a Reserve Number (see below). When a sales document is entered for an item that has been held in reserve for the debtor/ship-to address, the user will have the option to take the stock from the reserve.

The key features of the Reserved Stock module are:

- The facility to assign items to a reserve for individual or groups of debtors/ship-to addresses
- The facility to select whether to use reserved stock in sales orders/invoices
- The facility to define a selling price for any stock taken out of reserves

Note that when reserving stock on serial tracked items, the serial numbers may not be greater than nineteen characters long. This should be taken into account when setting up serial tracking on items that may be involved in reserved stock.

Reserve Numbers

Reserve Numbers allow you to reserve items at a specific site ID. You can set up reserve numbers using the [Reserved Stock Maintenance window](#) and select whether they are applicable for a single debtor address, multiple addresses for a debtor, or multiple addresses for multiple debtors. Debtors can be assigned to a reserve number using the [Reserved Stock - Assign Debtors window](#) or the [Reserved Stock - Assign Debtors By Range window](#). As many items as required can be assigned to a reserve number using the [Reserved Stock - Assign Items window](#) or the [Reserved Stock - Assign Items By Range window](#).

Note that the Reserved Stock module is intended for the general allocation of inventory or creation of memorandum style reserves.

Reserved Stock is not intended for the reserving of specific lots or inventory in specific bins.

Reserve Statuses

If you are using Reserved Stock with the Myridas En Primeur and Paid Reserves module then statuses will be assigned to reserved stock transactions. Additional reserve status fields will be displayed in several Reserved Stock enquiry and reports windows.

See the En Primeur and Paid Reserves User Guide for further details.

Cards

1. Reserved Stock Maintenance window

Cards >> Myridas >> Reserved Stock >> Maintenance

Used the Reserved Stock Maintenance window to:

- Create and maintain reserve numbers

*The Reserved
Stock
Maintenance
window*

1.1 Creating Reserve Numbers

To create reserve numbers in the Reserved Stock Maintenance window:

1. Enter a reserve number, or if you are maintaining a reserve number select one using the lookup.

Alternatively you can click the New button to auto generate a new reserve number. The next reserve number in the sequence, starting at RSV00000001, will be generated.

2. Enter a site ID that you want the reserve number to be applicable to, or select one using the lookup.
3. Enter a description for the reserve number.
4. For the Reserve Type option, select one of the following options.

Ship To Address	Individual debtors/addresses can be assigned to the reserve number.
Debtor	All delivery addresses for a debtor can be assigned to the reserve number.
Group	Any combination of debtor/addresses, including multiple debtors, can be assigned to the reserve number.
All Debtors	All debtors will be assigned to a reserve number. You cannot assign individual debtors using the Reserved Stock – Assign Debtors window .
Class ID	All debtors from a debtor class can be assigned to a reserve number. If this option is selected you should enter or select a class ID.

5. For the Allocation Type option, select allocate or memo only.

Allocate	An items quantity allocated will be amended to incorporate any quantities that are assigned to a reserve number
Memo Only	An items quantity allocated will not be amended to incorporate any quantities that are assigned to a reserve number

6. Enter the start date for the reserve number.
7. Enter the end date for the reserve number.

Note that if you do not want to specify an end date for a reserve number, you can select the Leave Open option. Reserve numbers that have this option selected will not be closed.

8. Click the Agreed Prices check box to apply the setting that any items assigned to the reserve number must have a reserve price set up in the [Reserved Stock - Assign Items window](#). By default set reserve prices are used for any reserved stock taken by sales transactions.
9. Click Save.

Deleting reserve numbers

Click the Delete button to delete a reserve number.

Note that you can click the Go To button to open the [Reserved Stock - Assign Debtors](#) or [Reserved Stock - Assign Items windows](#).

2. Reserved Stock - Assign Items window

Cards >> Myridas >> Reserved Stock >> Items

Use the Reserved Stock - Assign Items window to:

- Assign items to a reserve number

The Reserved Stock - Assign Items window

Item Number	Description	Pricing U of M	Price	U of M	Qty Reserved	Qty Taken	Qty Remaining
100-LG		Each	\$25.00	Each	30		
			\$0.00				0.00

An item may be assigned to as many reserve numbers as required.

2.1 Assigning Items to Reserve Numbers

To assign items to reserve numbers in the Reserved Stock - Assign Items window:

1. Enter a reserve number or select one using the lookup. Details for the selected reserve number will automatically be displayed.
2. In the scrolling window enter an item number or select one using the lookup.
3. If the selected reserve number has the Agreed Prices option selected enter a pricing U of M and a price. When stock is taken from the reserve for a transaction the price entered here will be used by default.

Note that all items on a reserve number must have the same pricing U of M.

4. In the Quantity Reserved field enter the quantity of the item (in the displayed unit of measure) that is to be reserved. If the Reserve Number is an Allocation

(rather than Memo) then the Items Allocated Quantity will be adjusted when the Quantity Reserved is modified. The quantity taken and quantity remaining will also be displayed.

The quantity entered in the Quantity Reserved field may be manually amended at a later date if required.

5. Repeat these steps to assign as many items as required to the reserve number. Alternatively click the Ranges button to assign a range of items in the [Reserved Stock - Assign Items By Range window](#).
6. Click Save.

*Deleting items
from a reserve
number*

Click on an item then click the Delete button to delete items from a reserve number.

Note that you can click the Go To button to open the [Reserved Stock - Assign Debtors window](#).

3. Reserved Stock - Assign Items By Range window

Cards >> Myridas >> Reserved Stock >> Items >> Ranges button

Use the Reserved Stock - Assign Items By Range window to:

- Assign ranges of items to a reserve number

The Reserved Stock - Assign Items By Range window

Buttons: Assign, OK, Preview

3.1 Assigning Ranges of Items to a Reserve Number

To assign ranges of items to a reserve number in the Reserved Stock - Assign Items By Range window:

The window will open with the currently selected reserve number displayed.

1. Click All to assign all records or From to assign a selection of records for item number, generic description and class ID. If you select From, enter To and From values to specify a range, or use the lookups.
2. For the Select Items whose Reserve Number is set to options select one of the options:

Unassigned	Only items not currently assigned to a reserve number will be included in the range.
Any	All items will be included in the range.
Specified	If you select specified, enter a reserve number or select one using the lookup. Only items assigned to this reserve number will be included in the range.

3. Enter a default quantity reserved. This quantity will be assigned to all items in the range that you assign to the reserve number. If required the quantity reserved can be amended in the [Reserved Stock - Assign Items window](#).

Note that the quantity entered into the Default Quantity Reserved field must be a whole number.

4. Click the Preview button to preview your selection in the scrolling window.
5. Click the Assign button to assign the selected range of items to the current reserve number.
6. Click OK to close the window.

4. Reserved Stock - Assign Debtors window

Cards >> Myridas >> Reserved Stock >> Debtors

Use the Reserved Stock - Assign Debtors window to:

- Assign debtors to a reserve number

The Reserved Stock - Assign Debtors window

Debtor ID	Ship To Address ID	Salesperson ID
AARONFIT0001	PRIMARY	PAUL W.

4.1 Assigning Debtors to a Reserve Number

To assign debtors to a reserve number in the Reserved Stock - Assign Debtors window:

1. Enter a reserve number or select one using the lookup. Details for the selected reserve number will automatically be displayed.
2. In the scrolling window enter a debtor ID or select one using the lookup.
3. If the current reserve number has a reserve type of group or ship-to address, you should also select a ship-to address ID.

Where the reserve number has a reserve type of debtor, you will not have the option to select a ship-to address. The appropriate address/addresses will be assigned automatically.

4. Repeat these steps to assign as many debtors as required to the reserve number. Alternatively click the Ranges button to assign a range of debtors in the [Reserved Stock - Assign Debtors By Range window](#).

5. Click Save.

*Deleting
debtors from a
reserve number*

Click on a debtor then click Delete button to unassign debtors from a reserve number.

Note that you can click the Go To button to open the [Reserved Stock - Assign Items window](#).

5. Reserved Stock - Assign Debtors By Range window

Cards >> Myridas >> Reserved Stock >> Debtors >> Ranges button

Use the Reserved Stock - Assign Debtors By Range window to:

- Assign ranges of debtors to a reserve number

Assign OK Preview

5.1 Assigning Ranges of Debtors to a Reserve Number

To assign ranges of debtors to a reserve number in the Reserved Stock - Assign Debtors By Range window:

The window will open with the currently selected reserve number displayed.

1. Click All to assign all records or From to assign a selection of records for debtor ID, ship-to address ID and salesperson ID. If you select From, enter To and From values to specify a range, or use the lookups.

If the current reserve number has a reserve type of group or ship-to address, you can click the Select Specific Ship-To Address ID option to select a specific ship-to address range.

Where the reserve number has a reserve type of debtor, you will not have the option to select a ship-to address. The appropriate address/addresses will be assigned automatically.

2. For the Select Debtor/Addresses whose Reserve Number is set to options select one of the options:

Unassigned	Only debtor/addresses not currently assigned to a reserve number will be included in the range.
Any	All debtor/addresses will be included in the range.
Specified	If you select specified, enter a reserve number or select one using the lookup. Only debtor/addresses assigned to this reserve number will be included in the range.

3. Click the Preview button to preview your selection in the scrolling window.
4. Click the Assign button to assign the selected range of debtor/addresses to the current reserve number.
5. Click OK to close the window.

Transactions

6. Reserved Stock Allocation window

Transactions >> Sales >> Sales Transaction Entry >> Extras >> Additional >> Reserve Stock Allocation

Use the Reserve Stock Allocation window to:

- Allocate reserved stock to sales transactions

*The Reserved
Stock Allocation
window*

Reserve Number	Qty Reserved	Quantity Taken	Qty Remaining	Quantity To Take
RESSTK0001	30	10	20	0

Reserve Number	Reserve Status	Quantity Taken
RESSTK0001	Non-Paid Reserves	10

Invoice Quantity: 10 Quantity Taken: 10 U Of M: Each

Note that this window is also available as an Extras option from the Sales Item Detail Entry window.

Alternatively, when you enter a quantity in a transaction for an item/debtor/address combination that has reserved stock a dialogue box will ask if you want to take stock from the debtor reserve. Click Yes to display the Reserved Stock Allocation window.

If you reduce a quantity already entered so that it is less than the reserved quantity allocated the Reserved Stock Allocation window will be displayed. You should amend the reserve stock allocated so that it is not greater than the quantity entered.

6.1 Allocating Reserved Stock to Sales Transactions

To allocate reserved stock to sales transaction in the Reserved Stock Allocation window:

1. All reserve numbers for the item/debtor/address combination will be displayed in the scrolling window.
2. Select a reserve number and in the Qty To Take field enter the quantity that you want to take from reserve for the current sales transaction.

Note that this quantity cannot be greater than that displayed in the Qty Remaining field.

3. Click Insert. The selected reserve number will be added to the lower scrolling window and the quantity entered in the Qty To Take field will be entered into the Qty Taken field.
4. Repeat these steps as required. The quantity ordered and total quantity taken will be displayed. The quantity displayed in the Quantity Taken field should not be greater than that displayed in the Quantity Ordered field. You can remove allocated reserve stock by selecting the reserve number in the lower scrolling window and clicking Remove. Alternatively click Remove All to remove all allocated reserve stock.
5. When you have completed your selection click OK to close the window.

Note that you cannot close the window if the quantity taken is greater than the quantity ordered.

Also note that if agreed prices have been set up in the [Reserved Stock - Assign Items window](#) for items taken from the reserve then the transaction price will default to the agreed price. If the transaction unit of measure is different to the pricing unit of measure then the system will convert the prices as required. For example, if you have a transaction unit of Case (with 1 Case containing 10 Each), and a pricing unit of Each with a price of £25.00, then the price used in the transaction would be £250.00.

Once reserved stock with an agreed price has been added to the lower scrolling window then further reserved stock with agreed prices can only be added if they share the same pricing unit of measure and price.

Enquiries

7. Reserved Stock Enquiry window

Enquiry >> Myridas >> Reserved Stock >> Enquiry

Use the Reserved Stock Enquiry window to:

- Enquire about reserved stock

*The Reserved
Stock Enquiry
window*

Reserve Number: RESSTK0001

by Reserve Number

Also note that if you are working with the En Primeur and Paid Reserves module then an additional Reserve Status field will be displayed.

7.1 Enquiring About Reserved Stock

To enquire about reserved stock in the Reserved Stock Enquiry window:

1. Enter a reserve number or select one using the lookup.
2. All debtor/addresses and items assigned to the reserve number will be displayed in the scrolling windows, with relevant details.
3. Click the Transactions button to display the transactions for the selected reserve number in the [Reserved Stock Transaction Enquiry window](#).

Note that if a specific item number has been selected in the scrolling window, then only transactions for the selected item will be displayed.

4. Click OK to close the window. If the Reserved Stock Transaction Enquiry window is open then this will also be closed.

8. Reserved Stock Transaction Enquiry window

Enquiry >> Myridas >> Reserved Stock >> Enquiry >> Transactions button

Use the Reserved Stock Transaction Enquiry window to:

- Enquire about reserved stock transactions

*The Reserved
Stock
Transaction
Enquiry window*

Trans. Date	Item Number	Transaction Type	U of M	Quantity
12/04/2007	100KLG	Reserved Taken	Each	10

Also note that if you are working with the En Primeur and Paid Reserves module then an additional Reserve Status field will be displayed.

8.1 Enquiring About Reserved Stock Transactions

To enquire about reserved stock transactions in the Reserved Stock Transaction Enquiry window:

The window will open with the currently selected reserve number displayed.

1. Click All to view all item numbers or From to view a selection of item numbers. If you select From, enter To and From values to specify a range, or use the lookups.

Note that if you selected an item number in the [Reserved Stock Enquiry window](#) then all transactions for this item will be displayed by default.

2. Click Today to view only transactions for the current day, All to view all transactions or From to view a selection of transaction dates. If you select From, enter To and From values to specify a range, or use the lookups.

3. The selected range of transactions will be displayed in the scrolling window.

Note that if you select an item in the Reserved Stock Enquiry window then the range of transactions displayed will be updated to display only those for the selected item.

4. Click OK to close the window.

Note that you can click the Print button to display the [Reserved Stock Transaction Report window](#).

9. Reserved Stock Item Enquiry window

Enquiry >> Myridas >> Reserved Stock >> Item Enquiry

Use the Reserved Stock Item Enquiry window to:

- Enquire about reserved stock for selected items

*The Reserved
Stock Item
Enquiry window*

Reserve Number	Pricing U Of M	Price	Qty Remaining
RESSTK0001	Each	\$25.00	20

This window is also available as an Extras option from the Great Plains Available To Promise window.

Note that reserved stock numbers will not appear in the Available To Promise window. As such the running total balance figure will not tally with the free forward balance. To view the difference select the Reserved Stock Item Enquiry window from the Extras option.

Also note that if you are working with the En Primeur and Paid Reserves module then an additional Reserve Status field will be displayed.

9.1 Enquiring About Reserved Stock for Selected Items

To enquire about reserved stock for selected items in the Reserved Stock Item Enquiry window:

1. Enter an item number or select one using the lookup.

If you opened this window from the Great Plains Available To Promise window then the item number will be selected by default.

2. Enter a site ID or select one using the lookup or browse buttons.

If you opened this window from the Available To Promise window then the site ID will be selected by default.

3. All reserve numbers and associated quantities for the item/ site combination will be displayed in the scrolling window.
4. Click the Transactions button to display the transactions for the selected item number in the [Reserved Stock Item Transaction Enquiry window](#).

Note that if a specific reserve number has been selected in the scrolling window, then only transactions for the selected reserve number will be displayed.

5. Click OK to close the window. If the Reserved Stock Item Transaction Enquiry window is open then this will also be closed.

10. Reserved Stock Item Transaction Enquiry window

Enquiry >> Myridas >> Reserved Stock >> Item Enquiry >> Transactions button

Use the Reserved Stock Item Transaction Enquiry window to:

- Enquire about reserved stock transactions for selected items

The Reserved Stock Item Transaction Enquiry window

Trans. Date	Reserve Number	Status	Transaction Type	Quantity
21/01/03	100KLG	Reserved Taken	Each	10

Note that if you are working with Myridas En Primeur and Paid Reserves then an additional Reserve Status field will be displayed.

10.1 Enquiring About Reserved Stock Transactions for Selected Items

To enquire about reserved stock transactions for selected items in the Reserved Stock Item Transaction Enquiry window:

The window will open with the currently selected item number displayed.

1. Click All to view all reserve numbers or From to view a selection of reserve numbers. If you select From, enter To and From values to specify a range, or use the lookups.

Note that if you selected a reserve number in the [Reserved Stock Item Enquiry window](#) then all transactions for this reserve number will be displayed by default.

2. Click Today to view only transactions for the current day, All to view all transactions or From to view a selection of transaction dates. If you select From, enter To and From values to specify a range, or use the lookups.
3. The selected range of transactions will be displayed in the scrolling window.

Note that if you select a reserve number in the Reserved Stock Item Enquiry window then the range of transactions displayed will be updated to display only those for the selected reserve number.

4. Click OK to close the window.

Note that you can click the Print button to display the [Reserved Stock Item Transaction Report window](#).

Appendix B

Myridas Reports

Myridas provides multiple reports to increase information visibility.

Report Name	Functionality
Reserved Stock Transaction Report	Reports on reserved stock transactions
Reserved Stock Item Transaction Report	Reports on an item specific basis on reserved stock transactions

Appendix C

Alternate Great Plains Windows

Some Great Plains windows have been modified to incorporate Myridas behaviour:

Great Plains Window Name	Series	Myridas Module	Modification
Inventory Available To Promise	Inventory	Reserved Stock	Enables the viewing of reserved stock quantities
Sales Transaction Entry	Sales	Reserved Stock	Enables reserved stock functionality during sales transactions
